Our Vision

We intend to stay at the forefront of the financial services industry in the region by maximising customer satisfaction and the strength of our name; aggressively expanding our customer asset base through constant product innovation, service enhancement and broadening our distribution network; ensuring a strong technological base to empower us and our customers; and retaining and attracting the best talent by offering continuous training and career development in a collegiate and merit-based environment. We will head towards this vision by ensuring that we remain focused on our five guiding principles: Excellence, Integrity, Innovation, Prudence and Professionalism, which will play a crucial role in ensuring our continued success.

Our Community

As one of the leading financial institutions in Hong Kong, we partner with a range of charitable organisations across the areas of education, healthcare, arts and culture, and environment as we strive to contribute back to the community where we operate and grow our business to where we are today. We were one of the first companies to be named a Caring Company by the Hong Kong Council of Social Service, a recognition of our commitment to improving the lives of the underprivileged in Hong Kong. As we look to the future, we will continue to devote our time, resources and capital to fostering a stronger and sustainable Hong Kong.
